Facilitated modules provide ongoing collaboration with colleagues and expert facilitators.*

### Inclusive Practices for the

### Developmentally Appropriate Pre-K Classroom

The goal of this module is to provide early childhood educators with information and instructional practices that support young children with special needs in an inclusive environment. It focuses on three developmental domains: communication, social-emotional and adaptive which are the three prekindergarten indicators in the BEESS Strategic Plan.

**This 10 hour PDA module supports the recertification requirement of 20 hours in teaching students with disabilities in Palm Beach County School District.**

**Private school agencies must have an approved Master Inservice Plan (MIP) or its equivalent to process the points for their teachers.**

**Palm Beach County School District cannot process inservice points for non-district employees which includes private schools, retirees, etc.**

**To earn points, Palm Beach County employees must register in the PDA website [www.fl-pda.org](http://www.fl-pda.org) and eLearning. All items must be completed in both the PDA website and eLearning to process the points.**
